COLUMBIA LETTER.

Columbia, January 9.—It is now only a few days before the legislators will be here. The building is still in a somewhat confused and torn up state. The scaffolding is in the corridor up stairs, and the interior of the dome is not finished. However, the contractor says he will have everything cleared out by the meeting of the Legislature. The steps on the front are about complete, and the building is beginning to look very handsome. It will take some \$100,000 to \$200,000 to fix up the terrace and beautify and clean up the grounds of the Capitol, and when this work is done and the State house completed, we will have one of the handsomest buildings and the loveliest grounds of any State in the Union.

Mr. Fred Schumpert, the Sergeant-at-Arms of the Senate, has been here for several days putting the Senate chamber in order for the Senators.

The Governor has completed his message and the manuscript is now in the hands of the State printer. It will be presented to the Legislature next Tuesday, and will not be made public until that time.

The other State officials are busy with their annual reports, and many of them have already been turned over to the State printer, and the work of printing these reports is further advanced than for several years. The Legislature meets this year the latest in the month that it is possible under the time fixed. The second Tuesday could not come later than the 14th.

My old friend Judge J. Fuller Lyon, of Abbeville, has accepted a position in the office of the State Treasurer, and has moved his family to Columbia and assumed the duties of his office. He takes the place formerly held by Mr. Zimmerman.

The Elk's Club of this city will give an Elk's circus in the opera house on next Tuesday evening. This is going to be a very unique affair, and those who love fun will have it on this occasion. Seats are already on sale and the demand is very great.

The State board of directors of the dispensary are in session this week. The dispensary got along very smoothly last year, but there seems to be quite a number of candidates for position on the board. In fact the indications are that there will be more candidates for this position than any other in the gift of the Legislature. The salary is only \$400 and mileage to attend the meetings. According to the report of the board there is over \$600,000 of the profits to the credit of the school fund, but it is available very slowly as it is used for commercial capital. The net profit last year was about 6 per cent. on a business of over two million dollars.

Liberty Bell passed through Columbia yesterday en route to the Charleston Exposition. The old bell occupied an open car, and was accompanied by a number of prominent Philadelphians people who occupy three Pullmans. A stop of several hours was made at the union depot and thousands of Columbians took advantage of the stop to view the bell.

I will try to write a letter for each paper during the session of the Legislature. E. H. A.

A Good Recommendation.

"I have noticed that the sale on Chamberlain's Stomach and Liver Tablets is almost invariably to those who have once used them," says Mr. J. H. Weber, a prominent druggist of Cascade, Iowa. "What better recommendation could any medicine have than for people to call for it when again in need of such a remedy? Try them when you feel dull after eating, when you have a bad taste in your mouth, feel bilious, have no appetite or when troubled with constipation, and you are certain to be delighted with the prompt relief which they afford. For sale by W. E. Pelham."

Both Eden Items.

The holidays have passed, and there is a great deal of moving among the colored people. There have been several turkey dinners in our midst, and the writer had the pleasure of attending some of them.

Mr. Whitman and Mr. Schumpert are moving to the Dead Fall section. We regret very much to give them up. They will be greatly missed. We wish for them prosperity and happiness in their future home.

Mr. Clarence Sligh is home from Laurens.

Mrs. Benson Sabers has been quite ill but glad to learn she is better.

Mrs. Bernard Carlisle will open school again Monday.

We fear the recent cold weather has hurt the small grain.

Wishing you and your readers, Mr. Editor, a happy and prosperous New Year. May 1902 bring peace and plenty to all. Top.

OUR REPRESENTATIVES.

They Leave for Columbia this Week to be at the opening of the Legislature on Next Tuesday—Newberry Ably Represented.

On next Tuesday the Legislature will convene in annual session at the State Capital, and the lawmakers from every section of the State are already making their way to Columbia.

Newberry county delegation will go down this week, in fact, some of the members have already gone.

Some very important measures will come up at the session, and it is a satisfaction to feel that Newberry and her interests are in such safe hands and will be so ably represented.

Hon. Jno. F. Banks, a farmer by occupation, fully in touch and sympathy with that class, can be counted on to favor and advocate what he knows to be to their interest and for the good of the State. He has had experience in the legislative halls and is a good, safe member.

Hon. F. H. Dominick, a rising young attorney of the Newberry bar, has the ability to cope with many of more mature years, and can be counted on to ably represent his constituents in the hall of the House of Representatives, and his friends have hopes of some day having him represent them in the National Congress.

Hon. Arthur Kibler, also one of our representatives, is a deep and profound thinker, can be counted on to look to our interests with an eagle eye. He is solid and conservative—and one of the safest men in the South Carolina Legislature.

Hon. Geo. S. Mower is in the Senate from this county, and he needs no words at our hands, for he has been there, and Newberry county has profited by his presence in that honorable body. Neither his county nor his State's interests, will ever suffer, if his voice and vote can prevent it.

Taken as a whole, Newberry's delegation will compare favorably with that of any county of the State, and with these excellent gentlemen in the positions which they hold, the voters of Newberry will never have cause to regret putting them there.

THE TELEPHONE SITUATION.

The City Council Sends by Its Former Action and Receives the Petition From Certain Citizens as Information.

The petition circulated among our citizens by a representative of the Southern Bell Telephone Company, and signed by many, petitioning the council to grant the Bell Telephone Company an unrestricted franchise to come into Newberry, was presented to the city council on Tuesday night. After discussing the matter the following resolution was adopted and there the matter stands:

Whereas, the petition of certain citizens in regard to the S. B. T. & Co., has been received and as an ordinance has been passed heretofore that we consider fair and impartial to all persons interested, and gives full protection to the company and citizens;

Be it resolved: That we receive the petition as information and that the same be filed and that our action heretofore taken be, and the same is, hereby confirmed.

THE BELL MANAGER IN COLUMBIA

Mr. W. T. Gentry, general manager of the Southern Bell Telephone company, with headquarters at Atlanta, Ga., was in the city yesterday looking over the business of his company and shaking hands with his many friends. The visit of Mr. Gentry to any of the southern cities usually means improvements or extensions of the telephone system and this visit was no exception.

Mr. Gentry was delighted at the growth of Columbia since his last visit and signs of substantial improvements on every side. He said, "we are keeping up with this wonderful march of improvement." We have a system which is the very latest and cannot be excelled. Our business has grown nearly 50 per cent in twelve months. We have toll lines to Charleston, Savannah, Charlotte, Atlanta, Asheville and other nearer and also more distant points. We appreciate the patronage we are now receiving and will endeavor to always merit it.

"In regard to the demand for connection with Sumter, Florence, Darlington, Newberry, Union, Clinton, Laurens, Greenwood and other important towns adjacent to Columbia, I will say that these towns are all anxious for the telephone connection with Columbia and the Southern Bell Telephone company is disposed to do its part towards building up this country and will make arrangement to build the above lines immediately. These connections mean much for the future growth and prosperity of Columbia."

This is the first positive announcement that has been made on the subject, and it will be a pleasant one to the people of the towns named by Mr. Gentry. —The State, 7th.

REMARKABLE CURE OF CROUP.

A Little Boy's Life Saved. I have a few words to say regarding Chamberlain's Cough Remedy. It saved my little boy's life and I feel that I cannot praise it enough. I bought a bottle of it from E. A. Steere of Goodwyn, S., and when I got home with it the poor baby could hardly breathe. I gave the medicine as directed every ten minutes until he "threw up" and then I thought sure he was going to choke to death. We had to pull the plug out of his mouth in great long strokes. I am positive that if I had not got that bottle of cough medicine, my boy would not be on earth today. —Joel Demont, Inwood, Iowa. For sale by W. E. Pelham.

AS TO IMMIGRANTS.

Good People Want to Come South to a better life—Newberry Should Offer Inducements.

Up in Ohio is a colony of good, German people; people who would make good citizens; people who are hard workers that would help any community did they come into it, that want to come South—to a more congenial climate.

They are not a worthless set of idle foreigners, but are people who are now in pretty good fix, but desire on account of the high price of lands, their limited means, etc., at their present homes, to come South where they can get more territory for their money, and where the climate is more suitable to growing vegetation and stock raising.

There is plenty of good land near Newberry that parties would be glad to sell and on which these people would be glad to settle and make their homes, and it could all be accomplished if our citizens would but interest themselves in the question the least bit. Other communities are acting; the Southern Railroad Company is doing all in their power to have them locate somewhere on its line, of course, where it best suits its purpose, and all we need is a little effort on our part, and Newberry can get them.

We have one of the best counties in the State; our land is good, suitable for growing any crop that can be grown anywhere else in this section of the country; our citizens have the land and want to sell it at reasonable prices—then why not interest ourselves in this matter and bring those people here? We will all be benefited by their coming. They will have to live; the merchants will get their trade; they will have to have school teachers, doctors papers to read, etc., and there is not a class that will not reap some benefit by their coming.

Mr. John Scott has been in correspondence with Dr. J. S. Steiner, of Bluffton, Ohio, concerning these people, and the doctor writes very favorably of this section and its advantages.

We think it would be a good idea for our citizens to interest themselves in the matter, contribute enough to send some suitable person to Ohio to investigate as to these people and see if we cannot locate them in Newberry. Who will take the matter up? There is nothing to lose and there may be a great deal to gain.

Would it not be advisable to organize a Board of Trade or Business League to take these matters up? A word to the wise is sufficient.

"Some time ago my daughter caught a severe cold. She complained of pains in her chest and had a bad cough. I gave her Chamberlain's Cough Remedy according to directions and in two days she was well and able to go to school. I have used this remedy in my family for the past seven years and have never known it to fail," says James Prendergast, merchant, Annotto Bay, Jamaica, West India Islands. The pains in the chest indicated an approaching attack of pneumonia, which in this instance was undoubtedly warded off by Chamberlain's Cough Remedy. It counteracts any tendency of a cold toward pneumonia. Sold by W. E. Pelham.

YOU CAN'T DOWN THE STIEFF!

There are all kinds of men in the Piano business, but the meanest competitor that has attracted our attention recently, is the man who sets to and willfully tries to dissatisfy customers that have already bought fine Pianos by telling them they have been swindled, etc. We would advise such men as this to get out to work, put in the time they waste in such work as this in hunting new customers, and perhaps they could sell a Piano once in a while.

The class of people who buy the STIEFF PIANOS are the best people on earth, and their minds are not to be changed by every little wind that blows. STIEFF PIANOS are the very finest Pianos made, and are sold all over the world on merit alone. It's the old reliable STIEFF PIANO all the time, and when anyone tells you he can furnish something as good for less money—just remember you have heard "Ghost stories" before.

Write today and get Factory prices on the STIEFF PIANO and save the big profits made by the dealer.
